

The graduation ceremony was greatly blessed on the 8th of March with 43 students receiving their Certificates. Brothers Shalm and McDougal were our special guests and the power of the Holy Spirit was truly manifested.

You may also have the GATS Asia 2914 presentation with you which was given during the GEC meetings in January.

15 new students were welcomed and enrolled for this school year and classes are in full swing.

On another note, today in Bible College class, everyone prayed for the Ladies Ministries of North America, Global Missions, and specially for you for helping the them study the Word of God. It was so nice to see the students do this during class prayers.

Thank you for what you, the Ladies and Global Missions are doing for the region of Asia in the very vital area of teaching and training.

Prince Mathiasz
