

We were privileged to preach the 2013 graduation of ACTS (African College of Theological Studies) in Accra, Ghana on June 15, 2013! On the same day, a graduation ceremony was held in Lomé, Togo for the Institut Biblique de Togo.

What a blessing to be involved with these two great schools that continue to launch ministers of the Gospel into the harvest. Ten graduates in Ghana represent the next generation of leaders beginning their service to the Church! The eight graduates in Togo (where Bro. Sully has been teaching since our arrival in Africa) represent 3 different nations. Togo, Burkina Faso and Central African Republic are all now better equipped to reach their populations with the Gospel!
